DESIGN SMARTER WITH SMARTWOP!

WEDNESDAY, 10th September
2:30 PM - 3:30 PM IST
VIA ONLINE MICROSOFT TEAMS

SMARTWOP: A POWERFUL CAD/CAM SYSTEM.

In this session, we will demonstrate how smartWOP can be used for furniture design with simple drag-and-drop functions and how the data can be transferred directly to production. We will also introduce our entry-level machine, showing how design and manufacturing are connected in practice.

DETAILS

A live demonstration of smartWOP

An overview of the entry-level machine

Interaction with our experts through Live Q&A
