

## Pre-contractual Information Obligations according to Art. 3 Para. 2 Data Act (EU Regulation 2023/2854)

**Connected Product:**

**HOMAG Maschine**

**Contact information**

HOMAG GmbH  
Homagstraße 3-5  
72296 Schopfloch  
Germany  
phone: +49 7443 13 0  
[info@homag.com](mailto:info@homag.com)

**1. Type, Format, and Scope of generated Product Data:**

The data includes information about the product, including technical specifications, operating parameters, status information, and process data. The data format is standardized and specified in the HOMAG Machine Data interface (VK No. 1769).

The estimated scope of the data provided can be found in the documentation for this interface.

**2. Continuous and real-time Data Generation:**

The data is continuously updated. Real-time data generation is possible, with the actual data rate determined by the individual system configuration.

**3. Data Storage:**

The networked product is capable of storing data on an internal device. The data is stored for a period of approximately 30 days.

**4. Access to Data/ Retrieval of Data including Technical Means:**

If the product meets the technical requirements, the product data is transferred via an OPC UA (Open Platform Communications Unified Architecture) interface.
